Island Transit Mission Statement

The mission of Island Transit is to provide a package of ridersharing services which emphasizes rider use, safety, and satisfaction, and results in increased mobility opportunities, less dependence on the automobile, decreased traffic congestion, and improved air quality for all people in the service area, riders and non riders alike.

How is Island Transit Funded?

A voter approved Sales Tax of 9/10 of one percent is collected to support transit in the service area. This amounts to \$.90 of sales tax for every \$100 of purchase.

Why is Island Transit Fare Free?

The Island Transit Board feels that charging a fare is contrary to the mission. Typically for smaller or rural transit systems, collecting a fare generates virtually no usable revenue. In addition, the farebox imposes an unnecessary inconvenience which is detrimental to ridership and therefore contrary to the mission.

Animals and Pets

Service animals and small pets in approved carriers are permitted on all vehicles.

What Types of Services Does Island Transit Provide?

- Fixed Route Service
- Paratransit Service
- Ride Matching Programs
- Van Pool Program
- *● Route Deviation Services

Route Deviation Services: Buses may deviate up to 3/4 mile off the regular route structure to accommodate registered persons with disabilities. Requests will need to be called in one day in advance. The nature of route deviation service may cause delays on some routes.

Bike and Ride

Island Transit vehicles are equipped with bike racks, available on a first come- first serve basis. As the bus approaches, have your bike ready to go. Remove water bottles and any loose items which may fall off. For safety reasons, the driver can not get off the bus to help you, but he or she can give you instructions. Always load and unload your bicycle from the curbside. We are not responsible for damage to bicycles.

Days Without Service

Island Transit does not operate on Sundays or on the following holidays:

- New Year's Day
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day
- Christmas

Google Trip Planner

For assistance in planning your trip please visit our web site at www.islandtransit.org. Click on "**Trip Planning**" and then, using "**Google Transit**", begin to plan your trip.

Schedule Changes: www.islandtransit.org

During adverse weather conditions (e.g. snow, ice, load limit restrictions due to thaw conditions, etc.), Island Transit may be required to detour buses. We will do our best to inform riders during these conditions. Schedules may also be impacted during these periods and others such as road construction, late ferries, etc., so please be patient and allow extra time to get to your destination.

Adjoining Systems
